## Page elements

Webshop address: <https://shop.us.oilon.com/>

When arriving the site, the webshop will provide notifications about possible updates to the site, changes in the terms of sale or announcements. You can remove them by clicking the checkbox in the upper right corner of the notification:

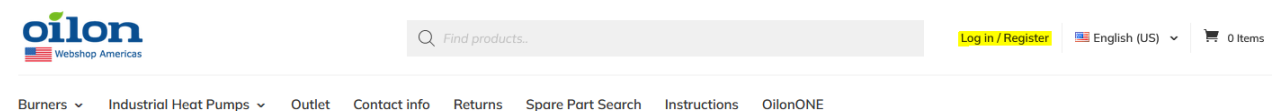

We use cookies on the website and you can access their settings by clicking on “Customize” or you can accept them directly from the “Save my preferences” button:

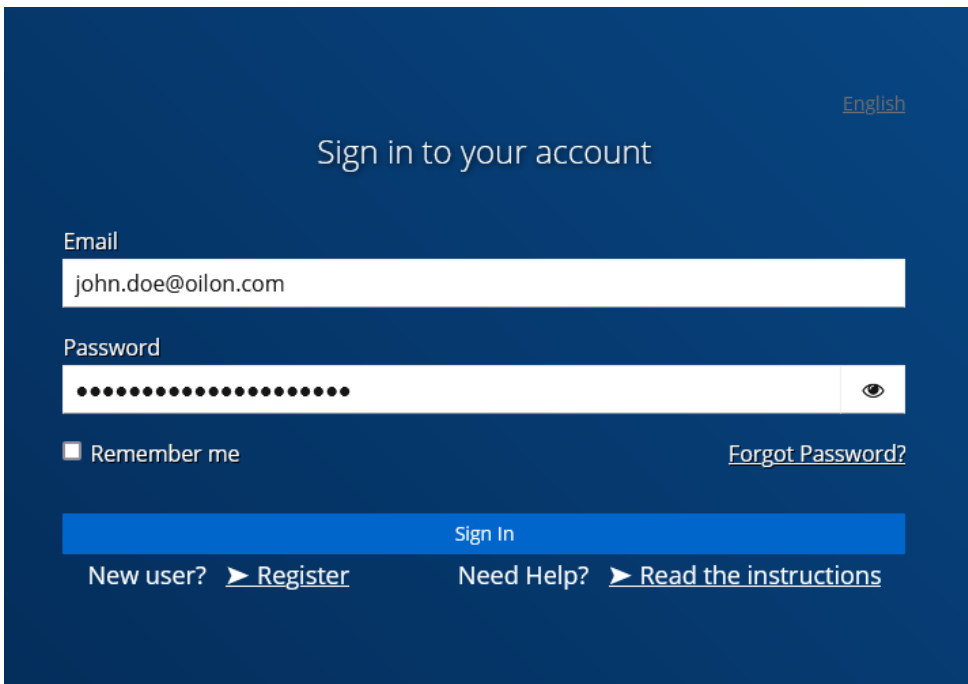

## Login or register

Logging or registering into the Webshop takes place from the "Log in / Register" section at the top:

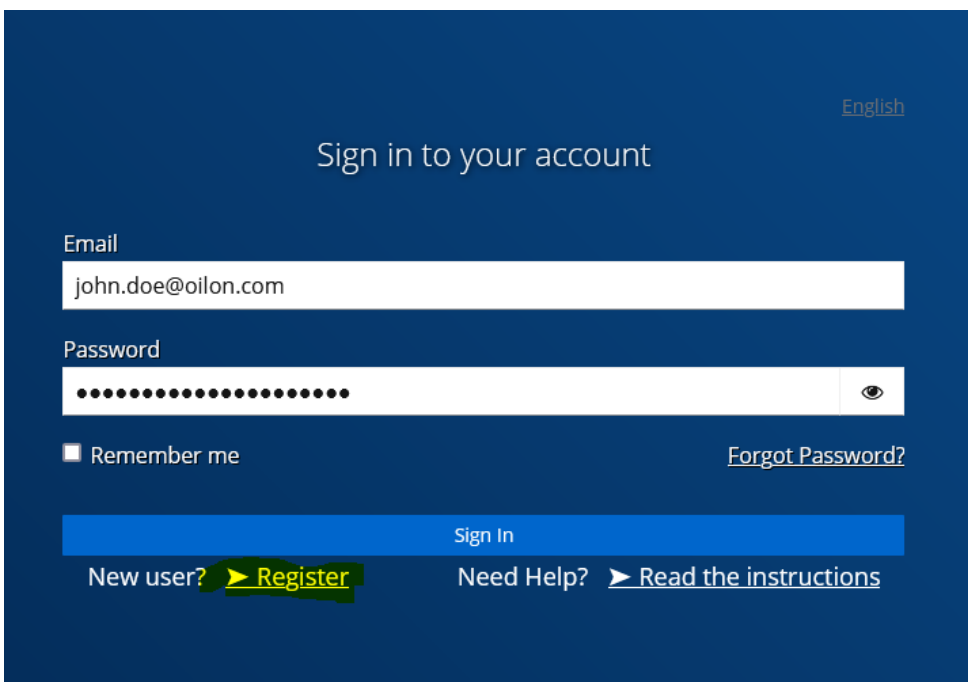

After that, if you have existing IDs in our Webshop, you can select "Sign In":

The screenshot shows a dark blue login page titled "Sign in to your account" in the top right corner, with a link for "English". Below the title are two input fields: "Email" containing "john.doe@oilon.com" and "Password" with masked characters and a visibility toggle. A "Remember me" checkbox is checked. A blue "Sign In" button is highlighted. At the bottom, there are links for "New user? > Register" and "Need Help? > Read the instructions", along with a "Forgot Password?" link.

If you are new user then select "Register":

This screenshot is identical to the previous one, but the "Register" link in the bottom left corner is highlighted with a yellow box.

## Customer information

You can check your personal information in the "Profile" section at the top:

For example, you can see Address Information in your personal information:

## Profile

- Dashboard
- Saved carts
- Orders
- Addresses**
- Account details
- Password reset / OilonONE account details
- Log out

The following addresses will be used on the checkout page by default.

### Billing address

[Edit](#)

**[REDACTED]**  
Oilon Oy

## Product search and selection

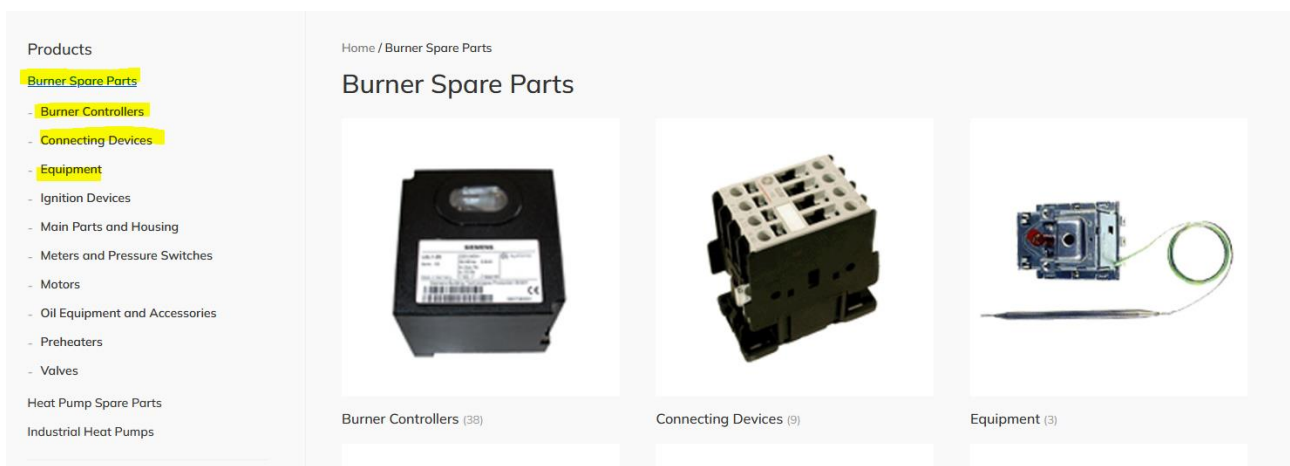

You can select products by searching for them in the search bar at the top:

You can also search for products by product categories in the menus:

The spare parts on the burner side are then divided into product categories:

In geothermal products, spare parts can be found per product:

Products

- Burner Spare Parts
- Heat Pump Spare Parts**
- [Ground Source Heat Pumps](#)
- **Oilon CUBE House**
- Oilon EasyAce
- Oilon Junior ECO
- Oilon Junior GT
- Oilon RE

Industrial Heat Pumps

[Download price list Excel](#)

## Spare Part Search

Enter the serial number of your device in the field below. The search lists spare parts for your device found in the Webshop.

The serial number can be found on the nameplate on the device. You can search for all product-specific spare parts by entering the product's serial number into the service. The function covers all products manufactured in Finland after 2016.

Search

## Product card and selection

Once you have found the product you want, you will see the original price of the product in gray on the product card and the discounted price depending on your discounts:

Home / Burner Spare Parts / Ignition Devices / Ignition Electrodes / IGNITION ELECTRODE -350/450 M

IGNITION ELECTRODE -350/450 M
